

CITY OF PORT WASHINGTON | MARINA
Dennis L. Cherny, Harbor Master

February 16, 2018

Mayor Mlada-

Following are three of the accomplishments met by the Port Washington Marina

1. We continue to enhance the beautification around the Marina. Additional bushes and flowers were added along the marina parking lots. We added additional outdoor displays for added color to the North Building.
2. The marina personnel continued to work with the Waterfront Safety Committee by adding additional life rings around the marina area and the North Breakwall. The marina staff continued to work with UW Madison and Dr. Chin Woo (INFOS Port Washington) on their underwater reporting system for lake conditions.
3. The marina increased our marketing and social media presence. We partnered with Dockwa and added online reservations to our website which was a big hit with transients. The marina is full with a waiting list for 30' and 36' slips.
